Look for Trail Markers

You'll find these trail markers at all trailheads and intersections. The metal bands are engraved with directional and mileage information.

Whiteoak Canyon from boundary trailhead - hike 2 miles round trip to see the lower falls; hike a steep and challenging 6 miles (1100' elevation change) round trip to see the upper falls. Return before crossing the Fire Road.

Skyline Drive Whiteoak parking area (mile 42.6) to upper falls - hike 4.6 miles round trip to see the upper falls, the highest of the Whiteoak cascades at 86 feet. Return trip is very steep. Consider your physical condition and available time before continuing past the upper falls.

Cedar Run/Whiteoak Circuit (mile 45.6) – very strenuous 8.2 mile circuit hike. Take Cedar Run-Link-Whiteoak-Whiteoak Fire Road-Horse Trail. Multiple waterfalls and cascades. Be sure to bring water.

Note: Round trip hikes proceed to a destination and return by the same route. Circuit hikes begin and end at the same point without retracing steps.
